

DevOps November 2022 Newsletter

Keep up-to-date on the latest resources, research, and events for DevOps Test Data Manager, Service Virtualization, and Agile Requirements Designer solutions.

DevOps Highlights

2022 Accelerate State of DevOps Report

Broadcom Software is proud to sponsor the [2022 Accelerate State of DevOps Report](#) by Google Cloud's DevOps Research and Assessment (DORA) team. Check it out for the latest DevOps insights.

Looking for more news on the DORA report?

- **November 9 Webinar:** Get an exclusive insider's overview with Dustin Smith, Staff User Experience Researcher at Google plus revealing perspectives from Shamim Ahmed, DevOps CTO and Evangelist at Broadcom Software.
- **Key Blog Post:** Uncover even more DORA details from DevOps CTO Shamim Ahmed's article, which features info on *Identifying Critical Interdependencies* and *The Force Multiplier Effect*.

Test Data Manager

Scalable Masking with Test Data Manager Webinar November 17, 11:00 am ET

Too many data masking priorities? Learn to scale data masking capacity to meet unrelenting demands and deadlines. Join Satyadarshi Mohanty - TDM Solution Architect - as he reviews how TDM can scale horizontally to mask billions of rows and reveals the latest features to manage masking jobs, throttling, and auto scale. [Get actionable advice](#)

Scaling Data Masking with Test Data Manager Blog Post

For today's development teams, the ability to scale data masking continues to get more critical. How do teams scale masking capacity to accommodate expanding demands and tight turnaround times? The good news is that Broadcom Test Data Manager is helping customers meet these demands every day. [Leverage the benefits of Scalable Masking](#)

Service Virtualization

Service Virtualization: Fine-Tune your Performance Testing Webinar December 7, 11:00 am ET

When building, testing, and releasing applications, it is crucial that all performance expectations are met. But for many, the demands of testing application performance can be overwhelming and at times seemingly impossible.

Enter Service Virtualization.

Join Broadcom Software, Service Virtualization leaders - Andrew Gates and Beverly Mindle – as they define best practices, share case studies and quantify advantages for performance testing with Service Virtualization. [Tune in](#)

How Service Virtualization Supports Cloud Computing: Key Use Cases

Did you know that all the use cases for the Service Virtualization solution are just as relevant in the cloud as they are in traditional on-premises-based systems? In fact, Service Virtualization and cloud capabilities complement each other. [Learn more](#)

Agile Requirements Designer
