EVENTS & WEBINARS

Layer7 Office Hours

In September, Jascha (Enable-U) will look at the flexibility and extensibility of Layer7 Management. In many markets, specific standards need to be implemented on top of secure stacks. We will look at how Enable-U provides solutions to their customers using Layer7 Management and their custom-build ebMS 3.0 module, used for secure reliable message transactions between governments and commercial organizations. As always, we'll follow with general Q&A.

[September 28, 2023 8AM PT/11AM ET](#)

API World

October 24-26, API World returns once again to Santa Clara. Broadcom is a proud sponsor of API World, and we look forward to talking with customers and partners at this event. Francois Lascelles, Layer7 CTO, will also be giving a keynote address during this event titled "Facets of API Security in an Era of Weaponized AI". We look forward to seeing you there!

October 24-26 (in-person)
October 31-November 2, virtual

Broadcom Tech Day @ Mohegan Sun

We will be hosting a half-day event for customers on September 29, 2023 at Mohegan Sun in Uncasville, Connecticut. The day begins with lunch, followed by an afternoon of product sessions, and then we round off the day with dinner at Michael Jordan's Steakhouse. The Identity Security track features Vadim Lander, CTO and Distinguished Engineer, who will share our vision and strategy for modernizing your Broadcom Identity Fabric, followed by an update and demo of our Security Services Platform. We will also share roadmaps for SiteMinder, Authentication (VIP and AA), IGA, and PAM products. As an added bonus, we will include sessions focused on leveraging Kubernetes, optimizing your IGA deployment, and expanding your PAM use cases.

Apidays Paris

December 6-8, Apidays returns once again to Paris. Broadcom is a proud sponsor of Apidays, and we look forward to talking with customers and partners at this event. Francois Lascelles, Layer7 CTO, will also be giving a keynote address during this event. We look forward to seeing you there!

December 6-8

Stay tuned for more information on how to get FREE tickets to Apidays Paris, courtesy of Layer7 and Broadcom.

PRODUCT ANNOUNCEMENTS

Symantec IGA

v14.5

The product management team is pleased to announce the release of Symantec Identity Governance and Administration (IGA) 14.5! For more detailed information on the many upgrades and improvements made to the Symantec IGA product, please see the release notes by component: [Identity Manager](#), [Identity Governance](#), [Identity Portal](#) and the [Virtual Appliance](#). For additional information and documentation, please visit our [documentation site here](#).

Please note: Symantec IGA supports upgrades from release 14.3 to 14.4 and 14.4 to 14.5 - if customers are on a release prior to 14.4, they must first move to 14.4 before upgrading to 14.5. Support for 14.4 has been extended through September of 2024 to help with upgrade planning.

Symantec IT Management Suite

v8.7.1

The product management team is pleased to announce the release of Symantec IT Management Suite 8.7.1! This release provides enhancements to the solution's deployment, patch management, software management, inventory, and administrative capabilities. For more detailed information on the many upgrades and improvements made to the Symantec ITMS products, please see the [release notification](#). For additional details, please visit the [product documentation](#).

Blogs & ASSETS

Building a Modern Identity Fabric

In this blog, Alan Davidson, SVP and CIO of Broadcom, discusses the challenges and benefits of creating a modern identity fabric at Broadcom.
